Motorcycle Techniques

Intermediate Course

The Intermediate course has been developed to fine tune the skills you learned in the Learners and Provisional courses. You will have the opportunity to practice these skills at more realistic speeds which you encounter in everyday riding, under the supervision of highly qualified instructors in a 4 hour session.

The course will be conducted on the Corporate Hill circuit at Eastern Creek

We cover areas that are not covered in either Learner or Provisional Licence courses, Including.

- ◆ *higher speed cornering*
- ◆ *tightening radius corners*
- ◆ *braking in corners*
- ◆ *higher speed counter-steering, maneuvering.*
- ◆ *braking.*
