

INTERMEDIATE COURSE

The Intermediate Course has been designed to fine tune the skills learned in the Learner and Provisional courses. The course gives riders the opportunity to further enhance and practice their skills at realistic road speeds encountered in everyday riding and addresses areas that are not covered in Learner or Provisional Licence training. The course is also suitable for riders returning after a break from motorcycling looking to brush-up on their physical skills and is a great first step in our track-based course programme.

6 HOUR PRACTICAL DAY WITH PLENTY OF PRACTICE TIME
